
SD3 STEEL-X™

Lakeside Construction Fasteners offer a full line of innovative self-drilling fasteners for steel frame and industrial applications. The **SD3 STEEL-X™** is designed for all types of metal decking substrate material. The engineered **SD3 STEEL-X™** threads along with the self-drill point allows the fastener to quickly penetrate the metal panel for easier fastener installation and no metal curls.

SD3 STEEL-X™ SYSTEM:

- **Engineered Self Drilling Point for Ease of Installation!**
- **Penetrates 10 Ga., 12 Ga. & 14 Ga. Steel!**
- **Innovative L3 Dura Protec™ Coating prevents Red Rust!**
- **Hardened Tap Threads Reduces Torque!**
- **Innovative HEX Head Design prevents wobble with LCF Quick Drill Technologies!**
